PHOENIX FOYER TABLE IN BRASS

W 60 IN

H 30 IN

D 60 IN

The Phoenix is a one of a kind table, sculpted in foam and cast in brass using a lost wax technique. The sculpted base is inspired by the organic forms. Since one mold makes one table, the table can be customised in every way. The table boasts a 12mm solid brass top. The brass top can be substituted with a glass top. The table can also be made in aluminum and bronze as custom options.
