Jean Carrau
Interior Designer

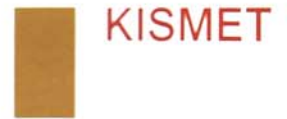

Jean Carrau's passion for creating beautiful interiors relies on his exquisite taste and talent for associating colors. His rooms have an unforgettable feeling of old world Europe: the grandeur of a French chateau, the warmth of a Provencal "demeure", the comfort of an English library, the charm of a Parisian apartment, or the beauty of an Italian villa are all created in today's interiors to please the eye and soul.

Jean Carrau has acquired a taste for beauty that is only equalled by his dedication to details. Jean Carrau's sense of balanced proportions and his color palette help him create elegant, sophisticated and comfortable rooms to accommodate his various clients lifestyles.
